Background

This policy brings together several documents that require completion and adoption by the ECC and subsequent display within the church environment. These documents cover safeguarding of both children and adults who are recognised as vulnerable. Children are children by virtue of age; ie until aged 18. An adult who is vulnerable is defined as “any adult aged 18 or over who, by reason of mental or other disability, age, illness or other situation is permanently or for the time being unable to take care of him or herself, or to protect him or herself against significant harm or exploitation”. Vulnerable status may be temporary such as in times of crisis or experiencing significant grief.

For further information please speak to one of the contacts listed below.

Part A of the policy contains main policy documents and the overarching processes that the ECC have adopted to support safeguarding and safer recruitment.

Part B looks at the specifics of recruitment to posts that involve direct working or significant contact with children and/or vulnerable adults.

Part C looks at the specifics of the Disclosure and Barring Service (DBS) checking procedure and the role of the PSO.

The appendices include external key contacts who can provide further advice and information and the principle template documents used in the recruitment process.

The Parish Safeguarding Officer also presents an ECC adopted report to the Annual Parochial Church Meeting (APCM).
